The Officer In Charge  
Special Air Service Regiment (SASR)  
Cambell Barracks  
Swanbourne WA 6010

Attention: - “Notice To Disclose”

Subject: - Your Personnel Involved in A False Flag Terrorist Attack in Tasmania in 1996

Dear Sir,

I am writing to you today and asking – requesting information from you to investigate and report back to me about something that happened 22 years ago in 1996 in Tasmania Australia.

22 years ago The Federal Government and Tasmanian Government and high up people within sanctioned a “False Flag Terrorist Attack” to happen and take place in Tasmania.

From research and study evidence points to 2 possibly 3 of your people were ordered up and carry out the job and mission of shooting all those people in Port Arthur so it is alleged!

Today I am writing Officially to you and ask you to investigate these claims your people were or were not used in these attacks.

I am requesting you call into your Office the Officer in Charge of the Unit at the time back in 1996 and ask the following questions of him.

- 1) What was the names of the 2-3 people used in this mission?
- 2) Who within the Government and Military Higher up command ordered your people to take part in these attacks?
- 3) Are the 2-3 people still alive today that took part in these attacks?
- 4) It is believed from Newspaper reports SAS people were deployed to Tasmania 5 days before Port Arthur Massacre occurred!
- 5) Is it just beyond belief your people were deployed to Tasmania 5 days before an attack took place?
- 6) Who was the controller – handler of these 2-3 people (Names please)!

7) From the following photo attached who was this person sitting in front of the same Ambulance Martin Bryant was traveling in to Hobart Hospital?

And this picture of the said person getting out of the Ambulance?

- 8) Which corrupt Tasmanian Police Officer or Officers were involved with helping this person who was one of the alleged shooters at Seaside Cottages help escape (Names)!

There is also an audio tape of somebody who alleges his father was the shooter at the Broad Arrow Café, but is now dead – believed murdered either by your people or by others to help cover up this crime of your people being involved.

22 years has now past and its time to come clean and tell the truth, the Australian people deserve to know the truth, what a lousy bunch of murdering thugs your people are killing their own fellow Australians and others who were visiting there that day.

Come on, if you have any type of character about you as a person you would help me in exposing SAS involvement back then in 1996.

22 years now Martin Bryant an innocent person has been rotting in jail for a crime he didn't commit and had NO Military Training or Gun Skills what so ever to commit this crime and deep within the bowels of the Australian Military people know that, but have shut up knowing Martin is rotting in jail.

Its time to come clean and for the SAS to admit their crimes in this matter and help bring to justice the real perpetrators of this crime including higher up people politicians etc.

Lastly I hold no grudges against you or any current serving SAS personnel there, but people back then have allot of questions to answer for and to the Australian public.

Finally we deserve to know the truth!

Yours truly  
Lloyd T Vance
